

The ABLE Library is a network library of the National Library Service for the Blind and Print Disabled (NLS). We connect eligible Vermonters to NLS services.

1. Record-Sharing

The ABLE Library needs to electronically share your name, address, telephone number, email address, date of birth, patron status, and preferred language with NLS to connect you with their library materials.

- Check here if you **do authorize** the ABLE Library to share your library patron information with NLS to access to NLS materials. Materials include audiobooks on cartridges and players, direct download from the Braille and Audio Reading Download (BARD) app, and braille books. You will also have access to the large print and the accessible youth collections.
- Check here if you **do not authorize** the ABLE Library to share your library patron information with NLS. If you choose this option, you will not have access to NLS materials. You will have access to the large print collection, accessible youth collection, and a small collection of eBooks and audiobooks through the Vermont State Library.

2. Enhanced Services Reading History – Circulation Record

If you authorized the ABLE Library to share your information with NLS, you can also authorize the ABLE library to use your reading history to pick new books for you.

- Check here if you **do authorize** the ABLE Library to track your reading history and give book suggestions. Your reading history will be saved by the ABLE Library.
- Check here if you **do not authorize** the ABLE Library to keep track of your reading history. If you choose this, you will need to contact us directly to get book recommendations.

3. ABLE Library Patron Signature

Patron Name: _____

Patron Signature: _____ Date: _____

Patron Phone Number: _____
